OUR URBAN FOREST

IT'S WHERE WE LIVE

The Challenges of Educating the Multiple Stakeholders in an Urban Forest

Presented by Greg Houghton,
Consulting Arborist, Kamloops
February 5, 2019

MULTIPLE STAKEHOLDERS of the URBAN FOREST

- those who influence and those who do

- **Influence**

- Municipal, Provincial - policy and law makers
- Municipalities/ Homeowners/ Businesses/ Developers - use land
- Planners - design for use of land
- Landscape Architects / Engineers - design above ground and below

- **Doers**

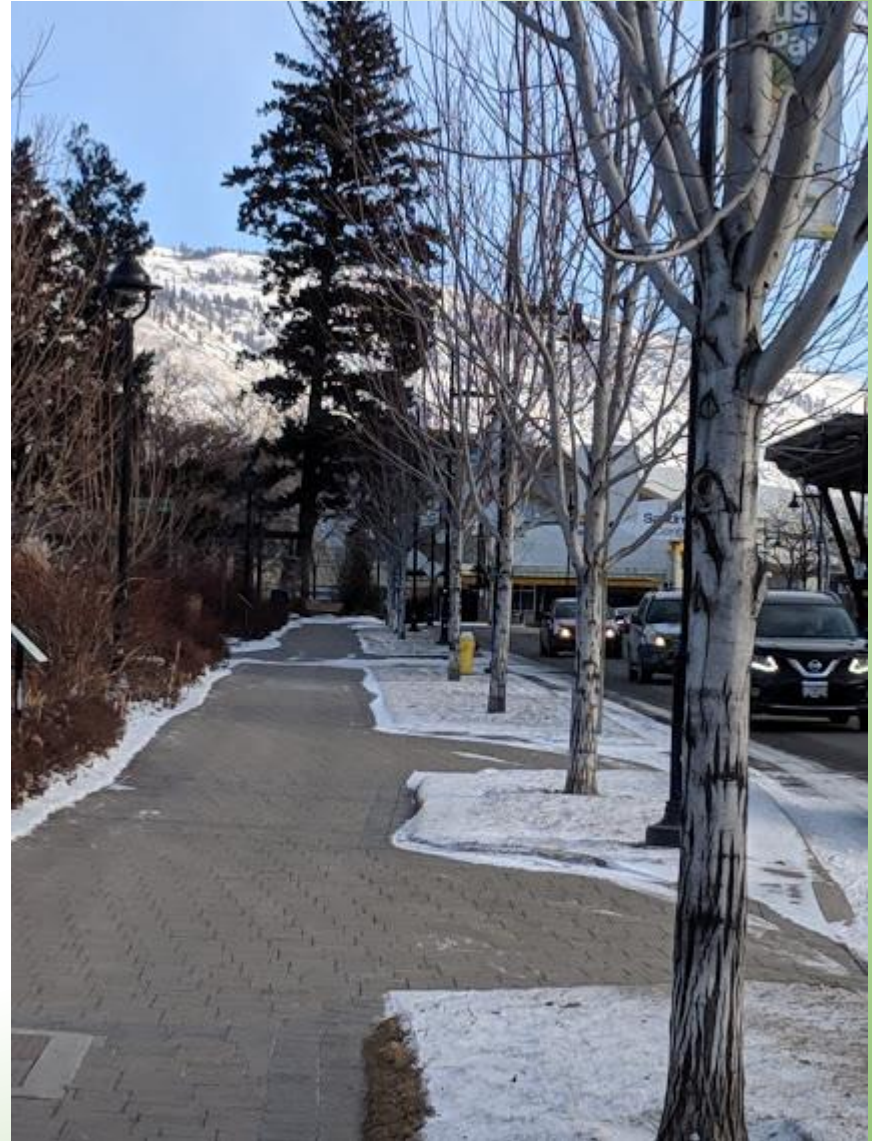

- Municipalities/ Home/ Business owners - ultimate user
- Tree Nurseries - suppliers
- Landscape installation and maintenance - care takers

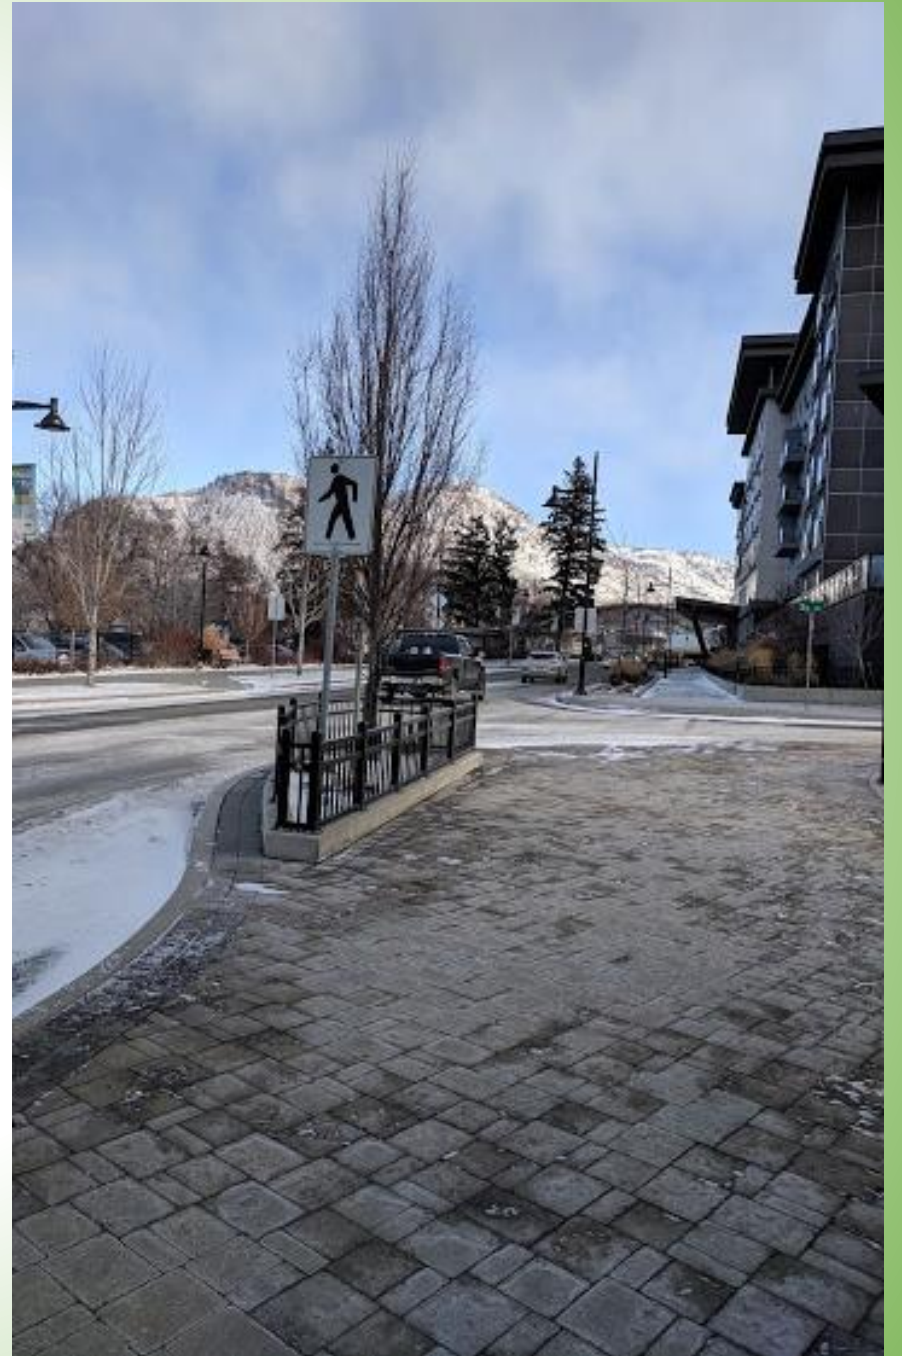

- **Arborist and Foresters** - influence, design, install, maintain

*THE
